## COMPOSER / AUDIO EDITOR

## CAREER OBJECTIVE

I have 16+ years in the music industry, starting as a touring musician, and quickly grew into production, songwriting, composing, and audio engineering. I have a sample pack company that just wrapping an earlier 90's hip-hop sample pack. Aaron Redfield Played the Drums (Performed w/ 2pac, Prince, Elton Jon, Sia..) I have over 100k plays on my BeatStars account collating with some amazing producers. Most recently, I've been working with SuperCell to compose scores for their championship tournaments. In addition, I have a passion for sculpting audio and creating a sonic thumbprint Others have referred to me as a "Swiss Army knife" in the music industry. I love working with brands/teams to bring their vision to life sonically.
